West Lake Landfill Groundwater and Surface Water Data 1st 4 Figures.pdf

Based on the recent meeting held in Kansas City, attached are various figures illustrating groundwater and surface water results for the West Lake Landfill. Also attached is a very brief summary memorandum, along with a copy of previous responses submitted to EPA regarding the PM Resources facility and the LUST site.

None of the information is new. All of the information was previously submitted to EPA.

Due to the file size, I will need to submit 3 separate emails. This is email 2 of 3.
